

CSOA Test Level Side by Side Comparison Chart

Items in Test	Test Levels			
	1	2	3	4
Contractor Reporting Package				
Company being tested completes the Contractor Report Package	X	X		
CRI goes on site to verify and compare the information the company provided in the contractor report package with the company's books			X	
CRI goes on site and reconstructs the information required to complete the contractor report package				X
Construction Management On Site Reviews				
Construction management specialists arrive on-site to walk projects that CSOA selected after reviewing the contractor report package. They verify that the percent complete on the books is relatively close to what they see at the project site. They spend approximately two to three days on site.			X	X
